Community Meetings

The Egeria community meetings are on **Wednesdays 8:00am to 9:00am US Eastern** and the link to join the meeting is https://zoom-lfx.platform.linuxfoundation.org/meeting/92563720721?password=6812f50c-c1a6-4d07-ad6d-7aa63e793285. The topics vary from week to week but we aim to cover the latest news from Egeria along with discussions about different governance challenges and reviews of new materials. These meetings are labelled CM.

These meetings are setup on the Egeria Calendar at https://lists.lfaidata.foundation/g/egeria-technical-discuss/calendar

In addition there are quarterly design meetings that run for a few days and go into more detail about a future topic. These meetings are labelled DM.

All are welcome.
