

TSC Meetings

The Egeria Technical Steering Committee meetings are on **Wednesdays 9:00am to 10:00am US Eastern** and the link to join the meeting is <https://zoom.us/j/523629111>.

We aim to run the meetings in a stand-up style, giving a maximum of 5 minutes to each TSC lead to cover:

- Updates from that area since the last meeting (what's been done / what's coming)
- Requests for assistance or input from the rest of the TSC

The remaining 10 minutes are then available for any over-run or to agree any key decisions (or call them to a vote, if needed).

All are welcome.
