

2020-11-25 TSC

Date

25 Nov 2020

Attendees

- [Chris Grote](#)
- [David Radley](#)
- [Cezar Sirbu](#)
- [Chris Replogle](#)
- [Ljupcho Palashevski](#)
- [Maryna Strelchuk](#)

Discussion items

Time	Item	Who	Notes
2m	TSC	Chris Grote	<ul style="list-style-type: none">• Chris Grote suggested an on-going stand-up style meeting structure:<ul style="list-style-type: none">◦ Start each call with 2m per TSC area lead to provide a brief status update and call out any requests for help◦ Ensures that each week every area is able to note progress and avoid being blocked if any key inputs are needed◦ Remaining 40m of each TSC call can then be used for other business: presentation of detailed topics, discussion, debate, decisioning, etc.
2m	Security	Ljupcho Palashevski	<ul style="list-style-type: none">• Overall security checks are running well• Working on operationalising static checks of the code• Will follow-up with a way of working by either raising issues or discussing specific topics further on the security call• Have also started running penetration tests
2m	Release	Nigel Jones	<ul style="list-style-type: none">• Planning to branch for Release 2.5 tomorrow• Looking for volunteers to help plan future releases (offers from: Chris Grote and Chris Replogle)
2m	Communications	William Bittles	--
2m	Events	David Radley	<ul style="list-style-type: none">• Core team identified for driving events• Planning workshop for next month
2m	Community	Maryna Strelchuk	<ul style="list-style-type: none">• Helping plan workshop for next month• Trying to plan agendas in advance for community calls for broader awareness of the topics up-front
2m	Innovation	Graham Wallis	--
2m	Architecture	Graham Wallis	--
2m	Adoption	Chris Grote	<ul style="list-style-type: none">• Call for interest in designing / planning implementation of a historical repository
2m	Front end (UI)	Cezar Sirbu	<ul style="list-style-type: none">• Looking for further adopters of the "happigraph" component• Looking to move the presentation server out into a separate repository as well
40m	AOB	All	<p>Discussed the spread of repositories</p> <ul style="list-style-type: none">• Desire to have a single point at which we can see all the repositories (https://github.com/odpi?q=egeria)• Need to be careful about how we manage dependencies across repositories (build-time and run-time)

Action items

- ✓ Chris Grote to schedule call with David Radley and Graham Wallis and Crux team
- ✓ David Radley to provide name to Chris Grote for resource that was working on a historical repository approach using a search index (Solr? Elastic?)
- ✓ Chris Grote to update Repository with history page with search index-based option
