

2023-02-01 Cloud Native Workgroup Minutes

01 Feb 2023

Attendees

Ljupcho Palashevski

Nigel Jones

David Radley

Jürgen H.

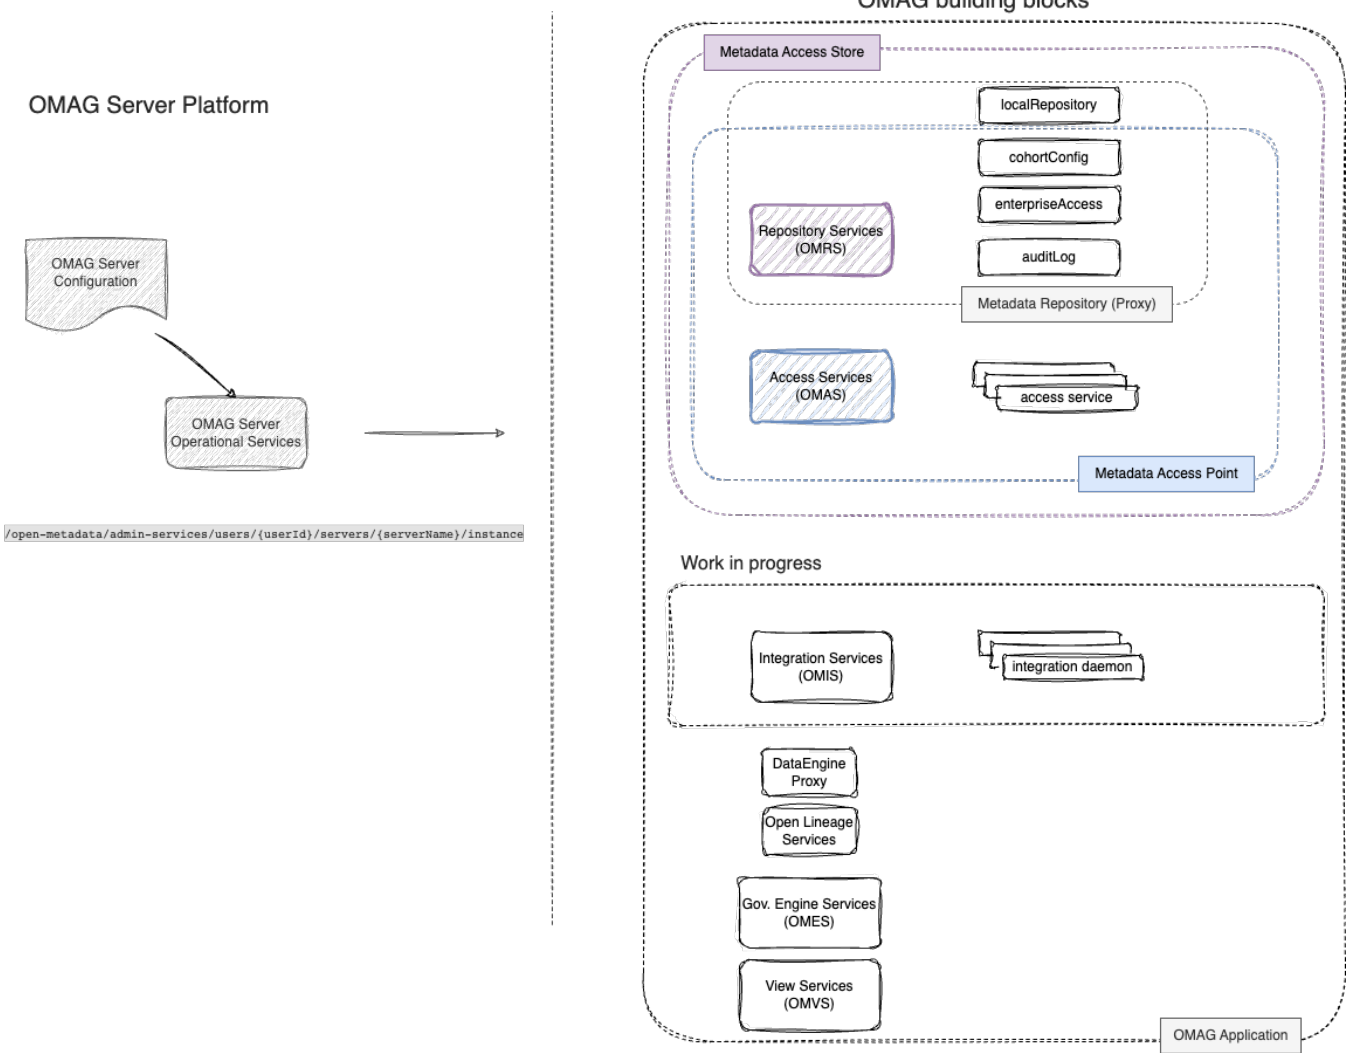

Tunc Taylan Turunc

Agenda

- Granularity

Discussion

The picture below was used to initiate discussion.

Points discussed:

- What are OMAG application building blocks and how it works with the current OMAG Server platform and OMAG Server configuration documents
- What would be good granularity for running the sub-systems as micro services. Pros/Cons
- Next, we will try to identify more concrete scope for pilot/POC

*The drawio diagram cannot be embedded at this point in time (the add-on is missing). Here is the file: [egeria-cloud-native-workgroup.drawio](#)
