2023-02-01 Cloud Native Workgroup Minutes

01 Feb 2023

Attendees

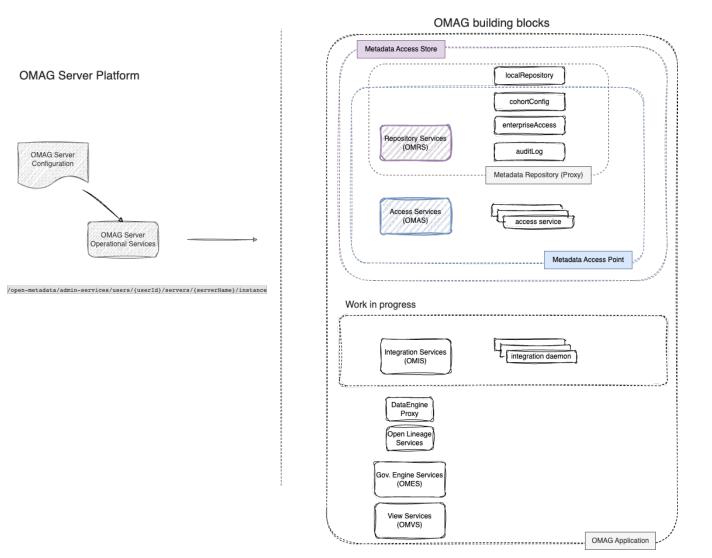

Ljupcho Palashevski Nigel Jones David Radley Jürgen H. Tunc Taylan Turunc

Agenda

Granularity

Discussion

The picture below was used to initiate discussion.

Points discussed:

- What are OMAG application building blocks and how it works with the current OMAG Server platform and OMAG Server configuration documents
 What would be good granularity for running the sub-systems as micro services. Pros/Cons
 Next, we will try to identify more concrete scope for pilot/POC

*The drawio diagram cannot be embedded at this point in time (the add-on is missing). Here is the file: egeria-cloud-native-workgroup.drawio
